

Health Insurance Solutions

Let Us Craft a Plan for Everyone's Benefit.

CompleteHealth combines health insurance, compliance and administration services together with traditional insurance brokerage solutions to help keep your costs down and your business in compliance with IRS, ERISA and COBRA regulations. Plus, you and your employees benefit from increased net income by utilizing our pre-tax administration programs.

Keep your own health insurance or save with our Relationship Pricing Model:

Let us help you find a better product that fits your budget. Either way, our experienced Benefit Advisors can leverage in-house administration systems and capabilities so they are able to more efficiently manage employee benefit plans and save you thousands of dollars in administration fees, non-compliance penalties and pre-tax savings.

Health Insurance from Complete Payroll Solutions offers:

- *Health Insurance Quoting and Plan Design* – You work with experts in traditional HMO and PPO health insurance products and healthcare reform laws.
- *Annual Market Analysis* – We help you plan for renewal, research the market and provide you with competitive quotations and creative solutions.
- *Annual Employee Benefit Meetings* – We describe and present your current benefits program to your employees.
- *Access to innovative, eligibility-based health insurance products*– Saves eligible business owners up to 30% on their health insurance premiums.
